

# EFRH Series High Pressure Filtering Pressure Reducing Valve

## EFRH

High Pressure Filtering Pressure Reducing Valve

### Product Features

- Good filtration effect;
- Use pressure up to 3.5MPa, reliable pressure regulation and pressure stability;
- 20/30/40/50 series are available;
- Connection caliber 1/4" 3/8" 1/2" 3/4" 1"。

### How to Order?

EFRH	Valve size	-	Receiver caliber
EFRH Series	20: 2000 Valve body 30: 3000 Valve body 40: 4000 Valve body 50: 5000 Valve body		02: G1/4 " 03: G3/8 " 04: G1/2 " 06: G3/4 " 10: G1 "

**Order Example:** EFRH Series, 4000 Valve body, Receiver caliber G1/2 " , The EFRH Code EFRH40-04

### Standard

Model	EFRH-02	EFRH-03	EFRH-04	EFRH-06	EFRH-10
Fluid to be used			air		
Tube caliber	G1/4	G3/8	G1/2	G3/4	G1
Filtration accuracy	40 μ m				
Regulating pressure range	0.15 - 3.5MPa				
Maximum input pressure	4MPa				
Operating temperature range	5 - +80℃				

### External Dimensions
