

## PU Polyester Tube/PU Cutter

### PU Tube Performance

Burst pressure is 3 times higher than values in this graph.

### Specifications(Metric size)

Part No.	I.D (mm)	O.D (mm)	Length (m)	Working Pressure (kgf/cm <sup>2</sup> )(air)	Breakdown Pressure (kgf/cm <sup>2</sup> )(air)	Bending Radius (mm)	Working Temperature	Weight Kg/Roll
PU040X025	2.5	4	200	10	32	10	-20°C~60°C	2.32
PU060X040	4.0	6	200	8	24	15	-20°C~60°C	4.32
PU080X050	5.0	8	100	10	32	20	-20°C~60°C	4.22
PU100X065	6.5	10	100	8	24	25	-20°C~60°C	6.05
PU120X080	8.0	12	100	8	24	35	-20°C~60°C	8.22
PU160X120	12	16	100	8	24	70	-20°C~60°C	11.34

**Note: Please check with E.MC for special size and color.**

### PU cutter

Model: ECP-01

### Product Features

- V-shaped positioning cut more accurately, smooth cutting surface is not easy to leakage.
- Selected high-quality materials, high pressure resistance, not easy to rust.
- Low pressure, easy to rotate.
- Compact and durable, more cost-effective.
- Suitable for 4–16mm PU pipe.
- Color: Blue

### How to Order?

Series — color  
 ECP: PU cutter 01: blue
